## General situation across all policy areas

### Main challenges across all policy areas
- Investment into human capital
- Higher economic and comprehensive growth
- Ensure legal certainty and effectiveness of institutions
- Addressing market distortions and delivering conducive and facilitating services
- Ensure availability and quality of available infrastructure

### Main approaches to address challenges across all policy areas
- National Development Strategy 2016-2021
- Programme of the Government of the Republic of Kosovo 2015-2018
- Medium Term Expenditure Framework 2017-2019
- Kosovo Economic Reform Programme 2017
- National Programme for implementation of the Stabilisation and Association Agreement

## Social policy specific situation

### Significant social trends
The median age of Kosovo’s population in 2015 was estimated at just over 28 years.

The unemployment rate has significantly dropped to 26.2% in the second quarter of 2016 (Kosovo Agency of Statistics, 2016).

Positive trends in the fight against poverty in Kosovo are confirmed by data.

### Key challenges specific to social policy
MLSW faces challenges such as high unemployment rate, low labour market participation rate and informal employment. Even though it is decreasing, poverty remains a challenge. Another challenge is protection of citizens in need regarding other social needs.

### Main approaches to address social policy challenges
- Establishment of the Employment Agency of the Republic of Kosovo in 2017
- bilateral and multilateral cooperation
### Target groups
people faced by (potential) social risks

- [x] Employment and labour market policy

### Description of the practice
The internship scheme in the textile sector in Kosovo aims at promoting more and better employment opportunities for youth, aged 18 – 30 years. Through the programme a financial compensation of 150 Euro monthly for a total of 6 months, for up to 360 interns will be provided.

### Governance & funding
Ministry of Labour and Social Welfare, German Society for International Cooperation (GIZ), enterprises. These parties will each co-finance one third of the financial compensation.

In the framework of this project Public Employment Offices, Local Youth Action Councils and Youth Centers, as well as the Kosovo Apparel Marketing Association will be involved in the implementation of the internship scheme.

### Innovation
Cooperation between structures of employment and education services, youth and the business community will be supported on multiple levels for implementation of support measures and policy making. The project activities will be based on a bottom-up approach with a focus on active labour market measures, quality of education in the VET sector, youth engagement as well as entrepreneurship and innovation.
